We gave Vanessa the majority of our worship time to bring us the Message in song and she did not disappoint. Through original writing and revamping some Classic Rock and Roll she reminded us that despite what we have gone through God with us. She used audience participation to touch our hearts and bring an intimate experience that reminded us that God knows us as intimately as a Shepherd knows the flock. She encouraged us through her songs to hear once again, "Do not fear, for I have redeemed you; I have called you by your name, Isaiah 43:1" just as the people of exile heard from Isaiah's lips so long ago. Her message is timeless and like a balm for the wounded soul. We were blessed to have her share with us.
